

Overview

AC choke for attenuation of harmonics components on power line input and to level out voltage and power surges.

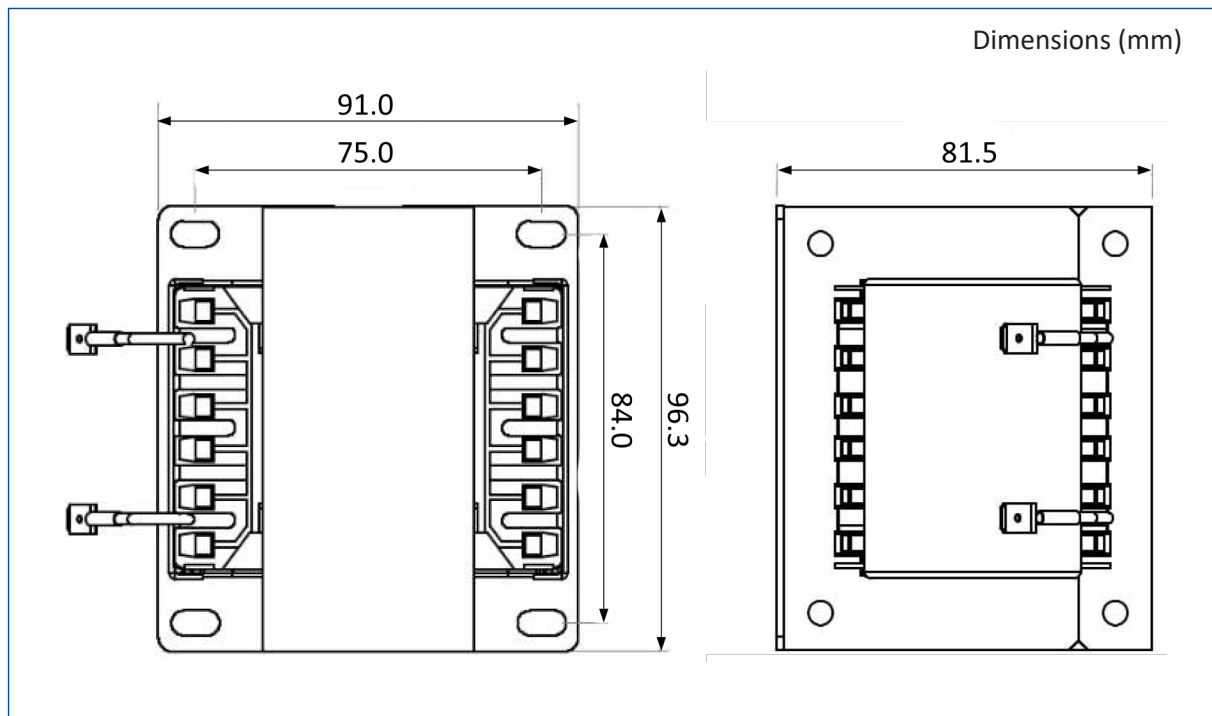

Technical data

Voltage	max 400 Vac
Frequency	50 Hz
Current	16 Arms
Inductance	4.0 mH
Protection degree	IP00
Terminal Class	B (130°C)
Ambient temperature	40°C
Terminals	Flat terminals 6.3x0.8mm
Dimensions	97 x 91 x 82 mm
Weight	2.6 kg
Designed according to	EN/IEC 61558-2-20

RoHS
Compliant

Mechanical data

Tolerances, if not stated, according to: ISO 2768-c
